

Whatever happened to FACTS IN NEWS?

Why is so much
misinformation and hate
ON OUR PUBLIC AIRWAVES?

How does this affect
DEMOCRACY?

Is there
ANYTHING WE CAN DO?

Join us for a free screening of the documentary
Broadcast Blues and a discussion with
filmmaker Sue Wilson. Wilson, an Emmy
winning TV producer, radio personality and
contributor to the Huffington Post, will help
organize local groups to put the Public back
into broadcasters' Public Interest Obligations.

BROADCASTBLUES

The award winning film
Broadcast Blues
shows how the consolidation of
the media into corporate hands
is jeopardizing our
news, information,
and even public safety.
Broadcast Blues
reminds us that
the airwaves belong to
We the People,
and we can
— and must —
Take our Media Back!

Produced and Directed by Emmy Award Winner SUE WILSON
