**SAT. OCTOBER 24
NOON - 4PM**

Facing both an ongoing pandemic and the resulting economic downturn, we need a trusted, reliable leader to guide America and support working people through the next four years. That's why the Wisconsin AFL-CIO is supporting **Joe Biden for President.**

Joe Biden respects the dignity of work and the freedom to join a union. He understands that it is the labor movement that creates, sustains and strengthens our great American middle class.
